JUST A THANK YOU

First, please let me thank all the classmates who sent in their cards. It was a most charming experience to hear from classmates that I had not heard from in so many years. Thank you!

Secondly, let me thank all those who added little bits and pieces of information to this booklet. Thank you!

Also, I want to thank the classmates who worked hours and hours and hours on making this class reunion a memorable one. We ate a lot of hamburgers, missed a lot of television, and denied our husbands and wives their conjugal rights in order to make this the best ever. Thank you!

It has occurred to me, while working with the coordinators of this, that I have never had a more enjoyable experience in my life. I have never seen more cooperation and stick-to-it-iveness than I have seen in this endeavor. Also, may we thank Julie's father for letting us use the Xerox machine. It would have been impossible otherwise. Jerry Beard, Oletta's husband, did the front cover.

Lastly, may I thank all the classmates who took their time, trouble, money and good clothes, piled them into the car and came from far and near to help us make this class reunion a complete success. It would have been extremely lonely without you here to share it with. Thank you!

Let's do it again real soon.

Katie
